Application Instructions and Checklists

for Temporary Respiratory Therapist License

Note: These Application Instructions and Checklists are specifically for individuals applying for Temporary Licensure. If applying for a License in Respiratory Therapy (LRT), please review the specific instructions for LRT available at www.asbrt.alabama.gov.

General Statement:

The ASBRT desires to provide courteous and timely service to all applicants. To maximize its efficiency and the level of service, the Board will process complete applications only. Complete applications must be the Board's first priority. Incomplete applications must have deficiencies addressed. Read all instructions carefully. The Board will not act as your agent in gathering information or supporting documents necessary for the consideration of your application. You should carefully read the ASBRT Licensure Law and Rules and Regulations (available at www.asbrt.alabama.gov) to familiarize yourself with them prior to beginning to complete the application. Please copy all forms submitted to the ASBRT for your records, as you may need some pages for future reference.

The ASBRT has been given the responsibility of protecting the public safety and welfare by regulating respiratory therapy in the State of Alabama, which is our first concern. In addition, we are striving to meet the needs of the professional respiratory therapists, who provide respiratory therapy services to the public. Therefore, we have attempted to make the rules and regulations and the application process as "user friendly" as possible within the bounds of State law. However, as you progress through the application process and, in time, the renewal process, you may have specific recommendations for improvement. We welcome suggestions and request that you mail them to our office in Montgomery.

Temporary Licensure: Temporary Licensure is only made available to new graduates of Respiratory Therapy Programs. Specifically, temporary applications must be received no later than thirty (30) days after graduation. Students of Respiratory Therapy Programs may apply thirty (30) days prior to graduation and this is recommended in order to ensure adequate time for the applicant to complete any application deficiencies (with the understanding that students will not be able to submit proof of graduation or exam confirmation until actually graduating). Student exemptions to licensure expire immediately upon graduation. Therefore, it is important to cease any work as a respiratory therapist until licensed.

Checklists: Checklists have been created to assist you in completing your application. You will find below a checklist for Temporary Licensure. This checklist will direct you to the appropriate forms to complete.

Application: Applications must be typewritten or printed in ink and must be legible. Complete the entire application. Leave no space blank. If a particular question or request for information does not apply to you, put a short line in the blank space or cross out the entire section to indicate the question or section has received your attention. Failure to supply necessary information may result in denial of application.

Your full name, social security number, and date of birth are essential for identification purposes. This information will be for confidential Board use only. Please supply this key information. The preferred contact information, name, and license number may be used for publication of a roster of licensees on the Board's web site.

Application Process: Once your complete application with payment has been received, your application will be reviewed by the Board. You will then be notified of your status by letter. This and other correspondence will be sent to your address of record as listed on your application. It is important that you check your mail box and keep your address current with ASBRT (if you have a change of address or contact information, a Change of Information Form is required to update your record).

Turn-Around Time: Please allow a minimum of ten (10) days to process applications. It is recommended that applicants apply at least thirty (30) days prior to being scheduled to work as a Respiratory Therapist to allow sufficient time for the applicant to complete any incomplete application items. Applications are reviewed in order of receipt. If an application review determines an incomplete application, a letter detailing the deficient application items are mailed to the applicant's address of record. If an application review determines a complete application, the license will be issued and licensure materials will be mailed to the applicants' address of record. The license number and effective date are then posted in real time on the online license roster available at www.asbrt.alabama.gov. This online roster is primary source verification for employers and the public to access LRT and Temporary Licensure information and is an excellent resource for applicants to verify the issuance of their license immediately upon issuance.

Fees: Make check or money order made payable to ASBRT for the Application and Temporary License Fees. Make a check or money order made payable to iGov Solutions for the Criminal Background Check Fee (this is a one time fee). Fees are non-refundable. Please send a separate check or money order for each fee.

Questions: Please direct any application questions to asbrt@leadership-alliance.org.

Forms: All application forms are located at www.asbrt.alabama.gov.
